

## Activity Report

### Seminar on Quality of Higher Education and NAAC Reaccreditation.

**Date: 13-10-2021**

**Participate: 19**

**Venue: The Patidar Gin Science College, Bardoli**

**Objective:** The IQAC of The Patidar Gin Science College organized the seminar on the “Quality of Higher Education and NAAC Reaccreditation” with the primary goal of enhancing the faculty's understanding of the evolving standards in higher education, particularly focusing on the accreditation process by the National Assessment and Accreditation Council (NAAC). The aim was to foster a culture of continuous improvement in academic quality and institutional effectiveness.

#### **Agenda:**

1. Welcome and Registration
2. Inaugural Address
3. Session I: Overview of NAAC Accreditation Process
4. Session II: Best Practices in Ensuring Quality in Higher Education
5. Session III: Documentation and Self-Study Report Preparation
6. Panel Discussion: Challenges and Opportunities in NAAC Reaccreditation
7. Q & A Session
8. Vote of Thanks and Closure

#### **Speakers and Resource Persons:**

- Dr. Vireshbhai Thakkar , (NAAC Accreditation Expert)  
Assos. Professor, P.T.Sarvajanik College, Suart
- Dr.Pruthulbhai Desai, Academic Quality Assurance Specialist  
Principal, P.T.Sarvajanik College, Suart

**Participants:** The seminar saw active participation from 19 faculty members representing various departments and disciplines. The diverse backgrounds of the attendees enriched the discussions and facilitated a holistic understanding of the accreditation process.

### Key Takeaways:

1. **Understanding NAAC Criteria:** The speakers provided comprehensive insights into the various criteria set by NAAC for accreditation, emphasizing the importance of meeting these criteria for enhancing overall institutional quality.
2. **Best Practices:** Faculty members shared successful practices implemented in their respective departments to maintain and improve the quality of education. These ranged from innovative teaching methods to effective assessment strategies.
3. **Documentation Skills:** The session on documentation and self-study report preparation equipped the participants with the necessary skills and knowledge required for a smooth accreditation process.
4. **Challenges and Opportunities:** The panel discussion addressed the challenges faced by institutions during the accreditation process and explored potential opportunities for improvement. Strategies for overcoming hurdles were also discussed.

**Feedback:** The participants expressed their appreciation for the well-organized seminar, highlighting its relevance to their roles as educators. The interactive sessions and practical insights shared by the speakers were particularly well-received.

**Next Steps:** The insights gained from the seminar will guide the faculty in the preparation for the upcoming NAAC reaccreditation process. Workshops and training sessions will be organized to further build capacity and facilitate collaboration among faculty members in different departments.

The success of this seminar underscores our commitment to continuous improvement in the quality of higher education. We extend our gratitude to the speakers, resource persons, and participants for making this event a valuable and enriching experience.

**The Patidar Gin Science College, Bardoli**

**Report of**

**“Workshop on Electrical Technology”**

**Date:** 18/01/2022

**Time:** 01.00 pm to 03.00 pm

**Venue:** Physics Lab, The Patidar Gin Science College, Bardoli

**Targeted Audience:** S.Y. B. Sc.

**No. of Participate:** 61

**Coordinators name:** Prof. K. N. Patel and Prof. A. K. Dhyani

**Aim:** To infuse practical knowledge about home wiring and house hold Electrical appliances among the students

**Context:** After the completion of the school education, the science student enters into the college to acquire higher subjective knowledge. After years of learning and teaching experience, we have come to the conclusion that the students do not have ample practical knowledge regarding the above mentioned subject. So, to cultivate the scientific attitude and aptitude we have decided to arrange the workshop for the students of science.

**Workshop:**

In this workshop, along with the matter mentioned above, the students are equipped with the awareness regarding BEE (Bureau of Energy Efficiency) and its norms. Moreover, the students are given the information about, what are the measures to be considered for the precautions regarding Electrical Hazards.

The department of Physics, The Patidar Gin Science College, Bardoli has arranged the Workshop on Electrical Technology. Prof. K.N. Patel and Prof.

A.K. Dhayani have shared the information about the applications and demonstrated various experiment using the laboratory apparatus.
